Ms. Noriko Aoyama

Dear Ms. Noriko Aoyama!

Warm greetings from the children of the City of Goodness and all of our extended family!

Just before Christmas, we received wonderful news from our ambassador Tsuji Valeriya — on December 20, 2024, we received your generous donation of \$1,538. After conversion, it amounted to 64,103.84 UAH, and we are attaching all the relevant receipts to this letter.

This contribution became a true gift for our children! We decided to use it to bring a festive and delicious touch to their holiday table. Thanks to your support, we were able to purchase mandarins, bananas, pomegranates, persimmons, oranges, and even pineapples! The children were overjoyed, as not all of them had the chance to enjoy such a variety of fruits before. Their excitement and genuine smiles filled our hearts with warmth and gratitude.

We also shared your incredible story with the children about how, through the Charity Calendar Project, you've been creating and selling calendars to support us, not for the first time. The kids were deeply touched by the thoughtfulness, talent, and effort you put into your work to help them, even from thousands of miles away.

We are sincerely grateful to everyone involved in the creation and production of this calendar, as each of its pages is filled with kindness and hope. A special thank you to those who purchased the calendar, as your contribution made this small miracle possible for our children.

Your contribution is much more than financial assistance. It's a reminder that they are not alone in this world, that there are people with enormous hearts willing to care for them and bring hope for a brighter future.

On behalf of our entire team and every little heart you've made happy, thank you for your tireless work, kindness, and unwavering support. You inspire us to believe in goodness and to do everything possible to change lives for the better.

May the light you bring to others always guide you in your life!

**With best regards,
Chairman of the Board
